"Education is but a series of doorways to be opened one by one." During each year at El Tee we open many new doors; each year we pass again through old and familiar ones. Your Tabulae is a record of the doors you and your classmates have passed through in this last year — doors to learning, to curiosity, to skills; doors to recreation, friendship, and companionship; doors to service; doors to teamwork and sportsmanship — all of them doors to maturity. As we, the class of '46, pass for the last time through these doors, we ask that you will not let them rust on their hinges, but will continue to open them to wider worlds.

In the fall of 1942 the doors of El Tee first opened for a new principal and for a new crop of freshmen, the class of 1946. In recognition of four years of enjoyable and stimulating association we take pride in dedicating our Tabulae

to

THOMAS BURKE — Our president was a busy little boy. Witness this list of activities. Corral Board president 4; Boys' Treasurer 3; Class president 4. Says he loves old cars better than his mother.

PATRICIA HAWK — Pat made lots of friends (male and female) and kept herself busy before moving to Kansas City this year. Activities included Latin Club 3; Spanish Club 3, 4; Girls Club 3, 4; Choir 4; Corral treasurer 4; class vice-president 4.

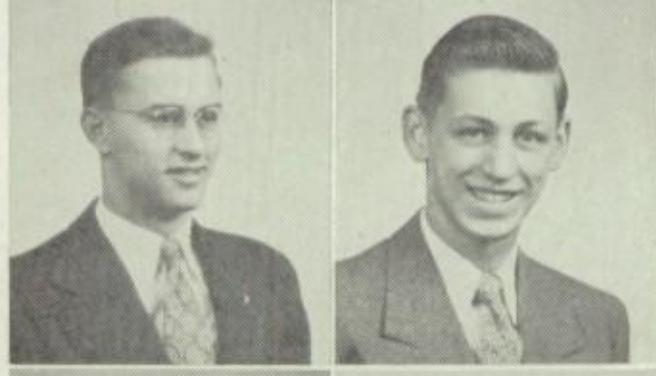

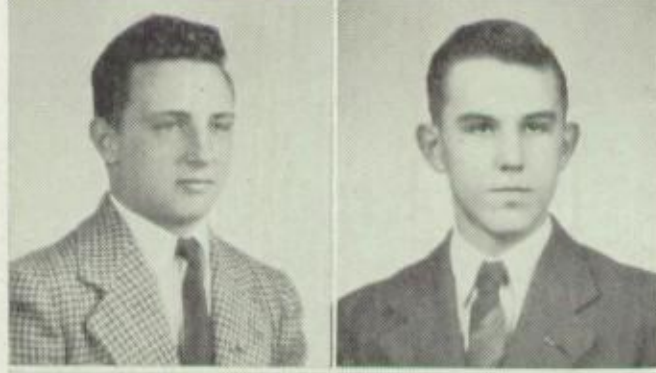

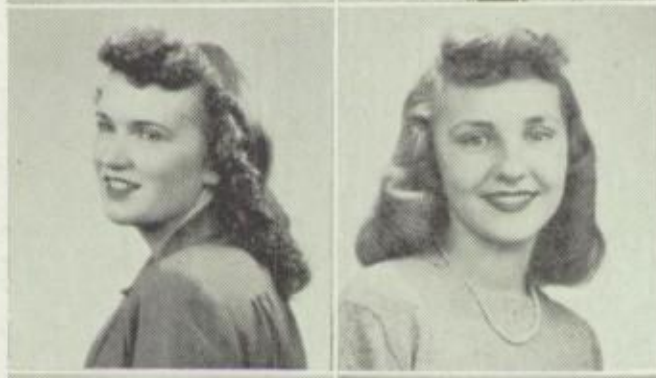

CONNIE BAUER — Look up "effervescent" in the dictionary and get an idea of Connie. She smiled and laughed her way through Choir 2, 3, 4; O.E.O. 2, 3; German Club officer 3, 4; Debate 1, 2, 3; Playmakers 3, 4; Girl Reserves 3; Representative Assembly 3.

ROBERT VOSS — Bob really kept busy during his four years at L.T. This included Football, Wrestling, Latin Club president 2; Class officer 1, 4; Junior Class Play, Corral Board, Hi-Y, and Tab staff. He plans to study medicine at the U. of Indiana.

CAROLYN ABBOTT — A newcomer from New Jersey is blonde Carolyn. While here she joined Home Ec club and French club; after graduation she hopes to study medicine.

GEORGE ALBEE — George wasn't in our midst until his junior year, but since then has joined Aviation club, Fi-Kem, Writers Club, and Tab staff. He plans to take engineering of architecture in a college as yet undecided.

ETHLYN ALLBRIGHT — Here we have one of the more athletic lasses that graced our halls, witness G.A.A., swimming, baseball, basketball, and horseback riding. Brains too! O.E.O. Dramatic club, and Girl Reserves prove that.

ROBERT AMBLER — Between wrestling, coin-collecting, and moving around the country, (Bob comes from Mass.), this fellow found time for a job and running around with the fellows. Future: indefinite.

CHARLES ANDERSON — The musical tendencies of this serious faced lad are indicated by his participation in Band 1, 2; Mu Tau 1, 2, 3. German Club 2, 3; French Club 3, 4; and Fi-Kem 4 show where his other interests lie.

MARGARET ANDREWS — Marge, an active lass as you can see, plans a future in dress designing. Her many activities included: Paint and Powder 1; Girl Reserves 1, 2, 4; Spanish Club 3, 4; Dramatic Club 4.

ROBERT AUGE — Bob gives everybody his infectious grin. Usually with Lefty and Ek, he was the rugged outdoor type who seldom gave the girls a tumble. Athletically speaking, he prefers the wrestling mats.

ALICE BATTERSHELL — Small, dark, and quiet, Alice was one of our girl athletes. (G.A.A. 1, 2, 3, 4) Though square dancing is her only hobby, she confesses an interest in Spanish Club 3, 4 and Girl Reserves 1, 2, 4.

ROBERT BAXTER — Bob says he was too busy keeping his car running and drawing "pitchers" to find time for sports and clubs. We know the Tab wouldn't have been the same without his art work. Though he expects to spend some time in the army, college is definitely in order.

MARGUERITE BEEGLE — Dark hair and dark eyes—that's "Beedee". Likes swimming, dancing, and the Army. She has her glims on Bowling Green University or Miami. Somehow Spanish Club and aide wormed their way into her sophomore year.

WILLIAM BERMAN — Bill was a member of Fi-Kem 3, 4 and president 4. He spent considerable time in the chemistry lab and plans to study more chemistry in college. Likes to play baseball and basketball in his spare time.

JANET BERSCHIED — Those "beautil" pictures you see displayed in our noble edition are largely the work of Janet. For a girl whose ambition is to work for Walt Disney, she's made a swell start. Tab staff, office aide.

JERRY BESTLER — The editor of this tip-top Tab is a versatile lad. Not only does he have an enviable scholastic record, but this future scientist wields both a mean tennis racket and a violin bow. Extra-curricular activities: Janet, Tennis 1, 2, 3, 4; Football 2, 3; L Club 3, 4; Orchestra 1, 2, 3, 4.

JAMES STUMM — Coming from Fenwick in his third year, Jim became vice-president and later president of German club. He also wrestled and was a member of Mu Tau 4. Future plans: Purdue.

ROLAND SUTTON — Known for his sparkling sense of humor, "Rol" was a mainstay of the lightweight backfield in his senior year. He also wrestled, played tennis, was a member of Hi-Y and the Band.

LOIS SVOBODA — Another of the "can't sit still girls," Lois really made the most of her years at L.T. Besides getting good grades she was a member of Girl Reserves 1, 2; O.E.O. 1, 2; Spanish club 2, 3.

ROBERT SWAN — Big brawny Bob played a lot of tackle on the football squad and the "Cannon" was no slouch on the wrestling mats either. He and pal Don plan to attend the U. of Wisconsin next year.

KATHRYN SWANSON — Tiny Kay loves to dance and sing; in fact, she intends to become a professional singer. Spanish club 2, 3, 4; French club 3, 4; Girl Reserves 3; O.E.O. 3; attest to her lively interest in L.T.'s extra-curricular program.

ROBERT SWANSON — "Swanny" packed a lot of fun, brain, and muscle into a small frame. Always good company, Bob was quite a fellow. Wrestling was his chief athletic interest.

TED SWARD — Ted was quite a busy boy around school. He played Lt. W. football for three years, wrestled for two years, was on the track team for four years, and played Lt. W. basketball. Also Band 1, 2, 3, 4; and Hi-Y 4. Future: Aviation.

EMILY SWEET — Emily's hobbies are reading, going to movies, and collecting. Collecting what? Just about anything that catches her eye. Her future may include collecting a few college courses.

SADIE TAMELING — Sadie enjoys all sorts of good books, classic or modern. In contrast to most of us, her only problem is finding time to read. She'll be a stenographer after graduation.

ANABELLE TEGEN — Anabelle is a voice with a smile when school is out. When she can find time, she really knocks them down at the bowling alley.

AILEEN TIEDT — "Ai" was one of our German Clubbers, as well as being quite athletic. Ice and roller skating are her favorites. Future will see her sitting on the boss's lap taking dictation.

JUNE TRACAS — June will graduate at the end of the summer, after only three years in our school. During her shortened stay, she belonged to G.A.A. 1, German club 2, 3, secretary 2.

VIRGINIA TRACAS — Always busy, Ginnie could be seen almost anywhere in the halls of Ol' L.T. Among other things, she found time to enter the folds of G.A.A. and Girls' club.

JOHN TRAVIS — John spent part of his time at the U. of Chicago, but came back to his old alma mater his senior year. He likes sailing and wants to be a naval architect.

THEODORE TWINTING — In these days of fluid drive, hydromatic clutch, electromatic and vacuum shift, Ted still tries to manipulate his model T, Henrietta. His future? Henrietta and California.

DONALD VAN HORN — Aside from ping-pong, Don also likes track 1, 3; choir 2, 3, 4; Aviation club 2, 3; and football 2, 3. Art has a fascination for him so he intends entering this field.

RICHARD VAN SCIVER — Dick lost no time making friends here after he transferred from Philadelphia his junior year. His good-natured grin made him welcome at any gathering. Jay Cee will be the lucky recipient of his talents next year.

EUGENE VASEN — At the first crack of dawn, Gene is likely to be out, watching horses at their morning workouts. When he can't watch, he collects pictures of great horses and jockeys. Future: a college where they have horses.

JEANETTE VETTER — "Jay-Kay" is definitely the out-door type, although her future calls for "Doc Vetter." Besides four years of G.A.A., she found time for German club and Girl Reserves.

DOROTHY VLASAK — Artistic Dorothy, a future model, plays the piano and skates in her spare time. Her senior year was really busy. Look. G.A.A. 1, 2; Paint and Powder 1; Twirlers 4; Dramatics club 4; Biology club 4; Spanish club 4.

BEVERLY WADE — "Blonde and small", has a big list of activities: Mu Tau 1, 2, 4; Orchestra 1, 2; Aide 2, 3, 4; Junior Play; Home Ec. club 3, 4, and Dramatics club 4. Her hobbies include photography, dancing, cycling, and sewing. Her future: Miami University.

ALEETA WALKER — "I love red hair and Southern accents." Musical Aleeta studies piano and voice, collects coins and bills, and ice skates. In the future she'll study archaeology, probably at Arizona.

HELEN WALKER — Helen could usually be found one of three places: With Ken, with the "goils", or at the Corral. A member of the corral board for three years, she was its secretary this year.

GERALD WALLENBECKER — Jerry is a great bowler, captain of a team at Manning's and captain of one in the high school league, of which he is president. Golf and softball also occupy his spare time. Future: Uncertain.

DOUGLAS WANDER — Dancin' Doug he was knowed as in them days. Besides roller skating, Doug's greatest joy in life was dancing the fast ones. He hasn't decided yet what college will be the lucky one.

BARBARA WARD — If "Bobby" is around, you can be sure there's a good time afoot. Her stay here included membership in Camera Club 3, and Girl Reserves 4.

DONALD WARD — A transfer from Fenwick his junior year, "Weedie" soon made his niche in the esteem of our coaching staff. Besides gracing (?) the hardwood and gridiron, he spent his time being one of the "Guns."

BARBARA WARNER — Blonde Barbara is headed toward secretarial work, but she intends to keep up her interest in Spanish and sports, which started in G.A.A. 1; Spanish club 3.

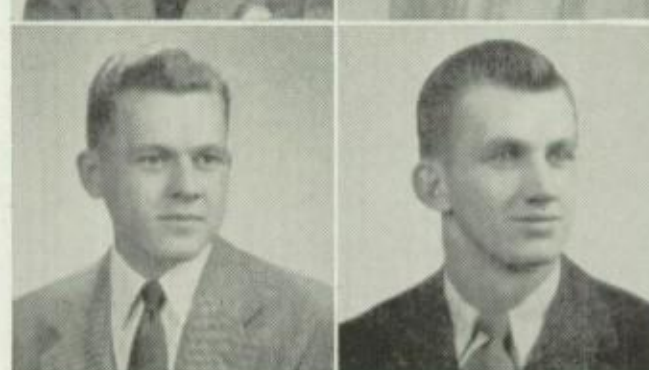

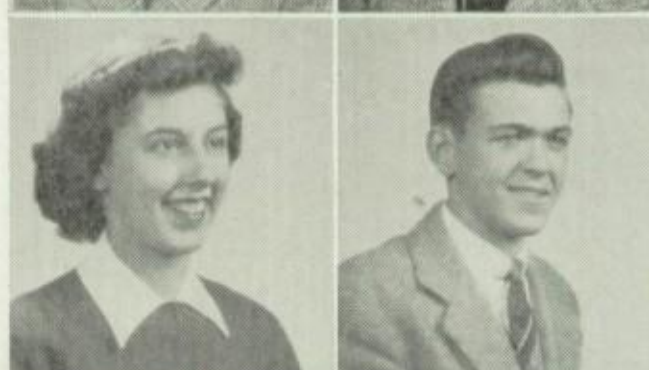

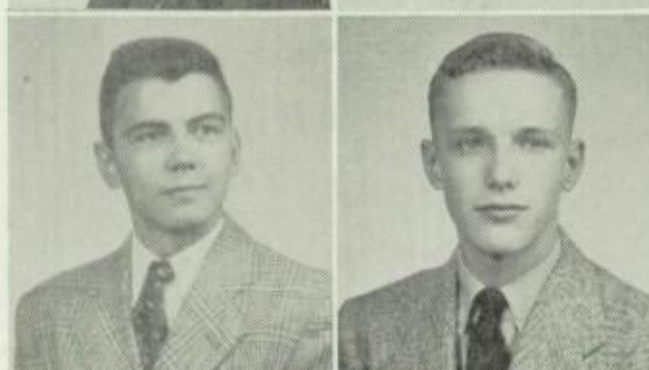

BERNICE WASCHER — Bernice, a future nurse, participated in G.A.A., Fi-Kem and Home Ec. club, but she found time for her hobbies of piano playing and reading, and for four years of Walther League.

RICHARD WEBBER — Dick was kept pretty busy during his stay here by an after school job, though he did find time for Band 1, 2. His favorite pastime was flying and he hopes to enter the aviation field after his education is completed.

GLORIA WEDEMEYER — States that she likes to "horse around with the gang." However, she was active in Twirlers 1, 2; G.A.A. 4; and Swimming. She plans for nurse's training after graduation.

EDWARD WESTPHAL — One of our track men, "Dutch" ran the quarter mile and was out for cross country as a senior. He also played some football and was in German club 3, 4. Future plans: College.

RUSSELL WHEELER — Smiling "Russ" could usually be found with Berny or Lee, or behind the counter at Steven's. He piloted our Activity Ticket sales in '44.

NANCY WHITE — Nancy was one of the busiest persons at L.T. Let her record speak for itself. G.A.A. 1; Band 1, 2; Latin club 1, 2; Spanish club 3, 4; Orchestra 3, 4; Playmakers 3; Class secretary 1; Student Council 3, 4, secretary 4.

PATRICIA WHITE — A newcomer from Utah, Pat is a true Westerner—a lover of horses and riding. Other pastimes: swimming, flying, roller and ice skating. Likes to have dogs and fluffy cats around.

LORRAINE WHITEHOUSE — Though Lorraine was one of L.T.'s busiest students, striving to graduate in three years, she still found time for her various interests — basketball, swimming, G.A.A., music, and Girl Scouting. She plans for Jay Cee.

THOMAS WILCOX — Another of our three year wonders, Tom also is one of Coach Bennett's ardent wrestlers. Mechanically minded, he was intrigued by midget racing cars during his spare time. He will study engineering at Purdue next year.

RICHARD WILHELM — Dick was one of the bigger guns of our class. He could usually be found fooling around with the fellows, and he seldom gave the "goils" a break. He "ain't sayin" anything about his future.

BARBARA WILLIS — Any girl in the class will tell you how welcome Barb is at any social "doings." She made more people laugh with her funny stories, than any one of the rest of us. She won't commit herself about next year.

WILLIAM WILLIS — Bill came from Calumet high his senior year. There he was active in football, basketball, and swimming; a member of the student government; and on the business staff of the paper. The U. of Illinois is next.

JAMES WILSON — Jim is quite interested in the theatre and hopes to make it his profession. Sophomore play; Stage crew, 2, 3, 4; Paint and Powder; Dramatics club 3, 4.

ROBERT WINTHERS — While not working as a Dispatch clerk in the Post Office, Bob kept busy with Stage crew, or his hobbies, fast cars and flying. Future: Navy Air Corps.

SUSAN WOOD — Sue's pretty brown eyes and contagious laugh have established her as one of our outstanding "social-ites." Was a member of Spanish club 2, 3, 4, secretary 2; Biology club. To study nursing next.

THERESA WOTKE — Whenever you hear a cute giggle you know Terry isn't far away. Her hobby and future go hand in hand for she likes to type and wants to be a secretary. Lucky the boss who wins her.

HERBERT WRIGHT — Herbie deserted his own class for that of '46. During his three years here, he played football and tennis and was on the wrestling mats. Happy-go-lucky Herb plans to be a doctor.

SAM WYMAN — After school work at various jobs kept Sam busy all four years. He did find some time to enjoy his hobbies — hunting, fishing, and boat building.

KENNETH ZAGELSKI — Ken plans to follow in his father's footsteps and become a Chemist. We hope he doesn't blow up the house first. While at L.T. he took part in Lt. W. football 1, Hi-Y 2, 3; Choir 2, 3, 4, and Track manager 1.

ELLEN ZIMMERMAN — You'll find Ellen at the bowling alley, rolling up strikes and spares, when she isn't absorbed in a good book, for these are her favorite pastimes. She was a member of Spanish club 3, 4; and O.E.O. 1.

ROMAN REVELS

Cicero Club's annual banquet was given with due attention to Roman customs. Personal slaves, drawn from Caesar classes, attended each participant; all wore Roman costume. An hour and a half of dinner was followed by a trip through a modified version of Hades, the Roman hell. Some of the high spots: Upper left: Don Krug, the master of the drinking, mixes flavored water instead of the grape juice which the slaves drank to the last drop while their masters weren't looking; Lower left: Miss Burkhardt is helped by a slave to work out her punishment in Hades; Below: Some of the between-courses entertainment.

One of the most active clubs in school, Hi Y is one of the few which meets every week. "To create, maintain and extend throughout the school and community, high standards of Christian character" is the purpose of this fellowship club which was founded by the Y.M.C.A. over forty-six years ago. Through a new system of committees with circulating memberships in charge of programs and refreshments, the members, in a large part, were responsible for the meetings. Under the active sponsorship of Mr. John Payne, the group enjoyed such speakers as Lieutenant Commander McCracken, author of the best seller, "Baby Flat-Top"; Art Sprague, formerly a congressman from this district and an executive officer aboard the aircraft carrier Essex during the war; and Mr. Phil Ault, head of the Associated Press in London. Movies, other equally fine speakers, swims at the Central "Y" in Chicago, picnics, and pot luck suppers rounded its program.

Girl Reserves, the junior organization of the Y.W.C.A., is a service club with a three-fold purpose—the development of each member's mind, spirit, and body. The year's varied program attempted to achieve this goal.

Talks by an air hostess and the secretary of the Y.W.C.A. in Chicago followed the first meeting, the traditional candle-light initiation ceremony. In the fall the members also worked on their style show and bazaar. Most of the proceeds were given to charity and the European relief fund.

After the Christmas party there was a series of meetings on race relations. Several movies, excellent speakers, and a panel discussion gave the members reliable information on this subject. A special senior meeting, with talks by five college women, helped the upper-classmen to choose their colleges. The following meetings were discussions of various vocations. The climax of the year was the annual picnic at Camp Sagawau, the Girl Reserve summer camp at Lemont.

GIRLS' CLUB

Girls' Club, an organization including every girl in school is sponsored by Miss Banks and Miss Brown. Although dues are not a regular feature of this club a small sum of money is charged for refreshments at each meeting. A board of ten girls, elected each year by all girls, plans activities, such as the Big and Little Sister activities, The Freshman Mother and Daughter tea, Bow Day, the College interest groups, the personality series, talks on good grooming, posture and dating, group singing, book reviewing, music appreciation, and the Girls' Club dance—this year the Shipboard Shuffle.

The club also serves at faculty teas, sends get-well cards to those absent over a week and a half, and sends out birthday greetings to all the girls.

Girls' Club stands for leadership, character, and scholarship. These three highly important are the foundations on which Girls' Club is built.

Student Council, the student government, is composed of representatives from geographical and alphabetical groups. Every Tuesday it meets to discuss and take action on school problems.

An extremely active organization, it is composed of nine committees: Participation and Club Management, Student Guidance, Business Management, Social, Noon Recreation, School Spirit, Publicity, and College and Vocational.

This year the Council sponsored and carried on a number of beneficial enterprises. It held a dance every month, calling out the combined efforts of the Social and Publicity committees; Hobo Day was planned and managed largely by the Council; it sponsored the Homecoming Parade. It arranged the noon-hour recreation; it sold food at football games, thereby saving the life of many a starving El Tee roter. It carried on, in co-operation with Girls' Club

and O.E.O., a comprehensive college and vocational guidance program. By example, posters, and assembly skits, the members built good citizenship and good sportsmanship among the students; they kept participation records for all students. The Council provided food for basketball players after the games. It directed and guided the Representative Assembly. Its School Spirit Committee was particularly active, sponsoring school-time pep meetings—new and successful this year—before all games, and selling school stickers.

El Circulo Espanol lends a bit of South American glamour to ol' El Tee. The club is open to all first-year students who have grades of one or two and any second or third year student interested in the customs of our neighboring South American countries.

There were four "big" programs during the year which included a Spanish skit by some of our better second year students, speakers, games, songs, and a colorful Pan-American program.

At the Christmas party the members were entertained by a Mexican who demonstrated the use of the pinata.

Fi-Kem's meetings this year covered such subjects as "cold light", (spectrophoscy), synthetic rubber, and high frequency currents. The high point of the year was the April field trip to the Museum of Science and Industry. In order to provide for actual participation in scientific activities, interest groups were formed to do research and experimentation in specialized fields.

This is the fourth year that the Post-War Council, formerly called War Commission, has been operating. The members have not relaxed, even with the end of the war. Through their efforts, the various war drives have been carried on with great success

Besides selling stamps and bonds and keeping the servicemen records, Post-War Council has aided in various Red Cross drives. With the proceeds of their annual Spring dance they added greatly to the school's contribution to the Red Cross. Under the guidance of Mr. Deabler and Miss Christopherson, Post-War Council deserves much praise for its diligent work.

SERVICE RECORD COMMITTEE

The Stamp and Bond Committee has worked hard on putting our school over the top in the sales of stamps and bonds. This committee, headed by Gloria Krametbauer this year, had several sub-committees including publicity, filing, and the Wednesday afternoon committee.

The other committee is the Servicemen's Record Committee. Through constant effort, it has kept up with the change of address and rank of every L.T. man in service. This year's chairman was Carolyn Coen.

Any girl who has taken any home economics subject in her high school course is eligible for membership in this extremely active club.

Among the newer activities is the Career Corner in the Home Ec Room. Many activities pertaining to the National Organization of Home Ec Clubs, of which El Tee's club is a member, were carried on. Six representatives went to the Regional Rally of Home Ec Clubs, and two delegates will attend the Annual State Summer Camp.

The monthly meetings presented a wide variety of programs guaranteed to please everyone. September featured an introductory tea, "My Best Foot Forward", and October, a picnic. In November new members

were initiated and new officers installed at a candlelight service. At the December meeting, a Christmas party, Miss Aucutt read selections from Dicken's *Christmas Carol*. In January the club held a joint meeting with O.E.O. to hear a returned mission worker speak about China. At the February Sweetheart Tea for members and their mothers, Mrs. Taylor of Western Springs spoke on textiles and fabrics. The March meeting was devoted to Red Cross work. In April a new club song, written by Carol Hough, was introduced and learned, and several members gave a panel discussion of careers in Home Economics. The May meeting gave the seniors a gay send-off with a pot luck supper.

O.E.O. is the famous all-girls' club composed of the "brains" of the school. The meetings planned are interesting and beneficial, varied in nature. Book reviews, style shows, talks by some of our teachers are a few samples of the types of meetings held.

O.E.O. sponsors many projects, among which are the O.E.O. scholarships to Jay Cee, Christmas gifts for needy children, college material on bulletin boards, and Christmas wrappings for gifts to servicemen.

DEBATE

Members of El Tee's debate squad were kept busy all year arguing the question of compulsory military training. In the fall there were practice tournaments: George Rogers Clark, Downers Grove, and Elgin. The practice and criticism received in these debates were especially valuable since most of this year's squad was new. We had only two of last year's regulars, Winifred Brown and Harold Harding. Since there were, however, a great many promising underclassmen, Mr. Deabler used a rotating system in the Metropolitan League tournament. The affirmative, based on Winifred Brown and David Allen, a sophomore, had five alternates, Mary Wood, Louisa Haskell, Shirley Hoff, Barbara Eifler, and Joan Jelenik, each of whom debated in at least one official tournament. Harold headed up a rotating squad of Frank Olsen, Bob Richardson, George Sweeney, and Jim Stewart. Since Winifred was the only senior on the squad, Mr. Deabler expects to have a large number of seasoned debaters to draw next year's squad from.

In view of this new, although promising material, El Tee did well in the Metropolitan League, winning 19 and losing 11 to tie for fourth place. At New Trier's tournament we were badly defeated, losing 4 and winning only 2. In the state district the affirmative won all their debates, but the negative lost to Thornton and Downers Grove, winning only to Sandwich. This left us in third place and kept our team from going to the state finals. Frosh-Soph meets at Aurora and Elgin concluded the season.

There were three major Red Cross projects conducted during this year. The first was the collection of Christmas wrapping paper, boxes, and seals for the use of the veterans at Vaughan General Hospital.

During the basketball season John Deeming and his committee sold candy at each game. The profits were added to the camp and hospital fund.

The goal of 100% participation was reached during the annual Red Cross drive, and a sum of \$288.10 was collected. Janet Nicolaus and Frank Kennedy were co-chairmen of the drive, with Miss Aucutt the sponsor.

Other Red Cross work has been done during regular classes. The art department made 450 menu covers and 500 Christmas cards; the industrial design class made Christmas toys for needy children in Chicago. The clothing classes made 40 children's dresses and girls' blouses. The manual training classes made bed racks for Vaughn's Hospital and the Radio Club repaired radios and phonographs.

All the Red Cross workers should be proud of the fine record this school has achieved through their efforts.

Railroad Club made trips to see local layouts, visited the President's home to see his model railroads and take pictures, held a meeting at which every member made an HO gauge freight car, and worked on a special project: the construction of a small portable layout.

The Senior Advisory Board had a hand in planning most of the senior activities, up to and including the Prom and graduation. They helped to make a success of our First Annual Adult Party, the Senior Winter Carnival, the paper drive, the sale of Christmas cards, and of course the Spring Luncheon, Baccalaureate, and Class Day.

Working with the board were the class sponsors and the class officers. They organized the paper drive, distributed class party and play tickets, located talent for the senior assembly and Adult Party, and generally managed the multitude of burdens which busy seniors must bear.

The annual Advisory Board dinner, given by Superintendent Olsen, was held with great success at The Old Spinning Wheel. Various problems relative to the senior class and forthcoming classes were discussed, and the remainder of the year's activities were planned.

Work on the *Tabulae* started this fall when Miss Keizer, the sponsor; Jerry Bestler, the editor; and Bill Detert and Dorothy Brodie, associate editors, chose the staff. It continued until late April.

Each staff member did senior write-ups, picture sorting and mounting, identification taking, and proof reading, as well as his own particular assignments. George Al-

bee, Janet Birch, Carolyn Coen, Cynthia Douglass, Pat Feltus, Linnie Findlay, Lenore Hylander, Martha Housel, Dave Orr, and Joan Pfaender wrote of El Tee's innumerable clubs. Sports-loving Ken Nellis and Bob Voss handled the boys' sports. Dramatics were cleverly and capably reviewed by Pat Longnecker. Barbara Willis and Lenore Hylander typed the final copies of these masterpieces.

Between Mr. Hinchliffe and Gene Hoadley, one of the best photogs ever to hit El Tee, the annual was illustrated with excellent photography. The art work on the first few pages and the cover design are the work of Bob Baxter; Janet Berscheid did the inimitable division page sketches.

Nuns, a scheming safe-cracker, cackling half-wits, a flirtatious cockney maid, and yes, even a murder petrified the audience on the nights of the Senior class play, "Ladies in Retirement", directed by Mr. Converse.

The play revolved around the troubles besetting the Creed family when Ellen Creed brought her two bird-brained sisters to the home of her employer, Lenora Fisk, on an alleged visit. Gazing through telescopes, collecting dead birds, wet sea-weed, and stale bread were just a few of the sisters' peculiar hobbies which eventually drove Miss Fisk to the point of ordering Ellen to take them away immediately. The arrival of Ellen's nephew, Albert Feather, a professional wolf who robbed banks in his spare time, led to added complications when he turned his affections on Lucy the maid. Complications, however, failed to daunt Ellen, who sent her sisters on a carriage ride while she choked Miss Fisk with a dressing gown cord and hid the body in an old bake oven. The conniving efforts of Albert and Lucy, who discovered the reason for Lenora's disappearance, finally brought her to a state of mental collapse. The words of a visiting nun opened her eyes to the futility of attempting to hide the truth, and the play ended as Ellen left to confess to the police.

Members of the stage crew included Ethelyn Allbright, Ruth Hadraba, Joan Fey, Bob Winthers, Joan Pfaender, and Norman Strombolie. Bob Fredericks was the voice of the coachman.

JUNIOR PLAY

The disordered condition of King Arthur's court was humorously revealed in the Junior class play, "A Connecticut Yankee in King Arthur's Court", October 19 and 20, under the direction of Miss Allen.

Hank, the Connecticut Yank, starts things off with a bang by blowing a radio fuse, and in so doing, blowing himself back into a by-gone era in history. When he regains consciousness, he finds himself in King Arthur's palace. Before long he has equipped the castle with 20th century luxuries, and all late-comers to the play might have been slightly confused at some of the queer doings within the palace: telephones ringing, ladies of the court taking dictation in shorthand, noblemen ordering ham sandwiches, and various other incidents all brought about by this "groovy Galahad".

Complications set in with the arrival of Queen Morgan LeFay, who also has some modern ideas with a slightly diabolical twist. Circumstances right themselves eventually and the play ends when Hank short-circuits some of his modern equipment and blows himself back to the present day.

For two years and a half the "Corral" has served as a place for over 1,000 students to spend their Friday and Saturday nights. The "Corral" has been ranked as the second best youth organization in the United States and boasts of the largest paid membership.

During the year the "Corral" has sponsored dances and other special events to raise enough money to purchase the property at 8 West Harris. Probably heading the list was their second annual All-Star Boxing Show in March when all members went out to raise \$5,000.

It would appear that La Grange has firmly established itself in another sport—cross country. Ably coached by Mr. Cretcher, who unfortunately won't be with us next year, the team turned in a brilliant season's work. Our harriers brought home the bacon for the second consecutive year as Warren Druetzler, Jack Futch, and Eke Graber placed one, two, three in the conference championship at Glenbard. As all three of the boys are juniors, next year's prospects are pretty bright.

For the first time in five years the Lions bowed to another school in football. The lack of experience proved their downfall, for after dropping the first two games of the year they went on to win four games and figure prominently in deciding their successors by tying Glenbard, who was tied with the York powerhouse for the lead.

The season started with the usual game with Proviso, always a test of any good team. The Lions, fighting inexperience as well as a strong team, looked up to standard even though

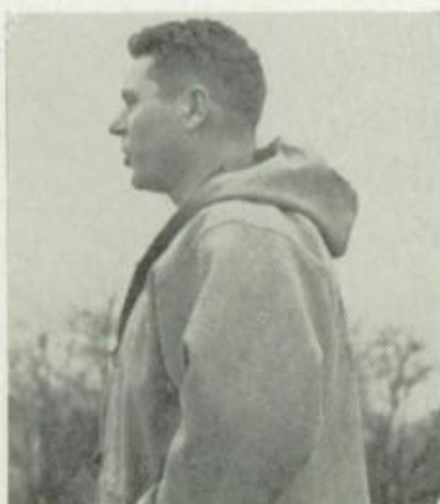

losing 13-0. Always a strong running team, the Lions surprised their rooters by taking to the air with a good pass offense. The following week the Lions faced their biggest test, that of beating York, the pre-season favorites, to topple the Lions from their championship. It was anybody's ball game the first half and the teams went to their locker rooms with the score 7-7. A blocked kick in the third quarter proved our downfall. The final score was 25-7, and the Lions were at last dethroned.

The Lions, slightly irritated by their defeat, decided to do a little defeating themselves and therefore steam-rollered R.B. 35-6. Downers Grove and Maine also succumbed to the Lions new aerial offense to the tune of 20-6 and 21-7 respectively.

COACH BENNETT

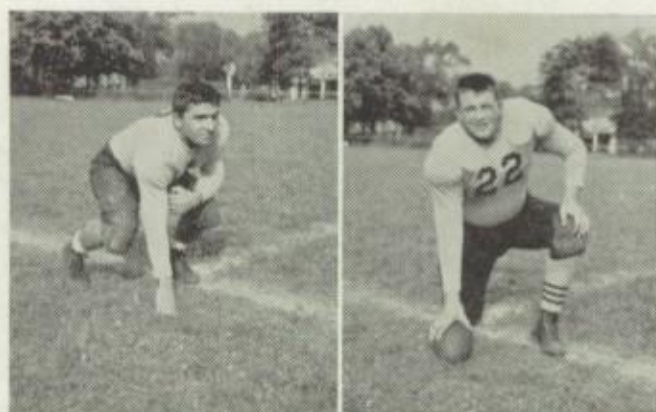

The real test came the following week when we played host to Glenbard. Highly touted, and boasting 5 victories, four of them conference, the Bards got off to a flying start, and the score was 13-6 at the half. Although the Lions held Glenbard throughout the third quarter, they failed to score themselves. In the dying minutes of the game Dick Simon threw a forty yard pass to John Monroe, and John scored. The extra point was made, and the final score was L.T. 13, Glenbard 13.

The season ended on a triumphant note. El Tee, playing on Hinsdale's field, walloped our ancient rivals to the tune of 46 to 6.

HERB KOSHGARIAN — Herb was one of the key links in our forward wall. At his guard post he was strongest on offense, an ability that he can continue to use next year.

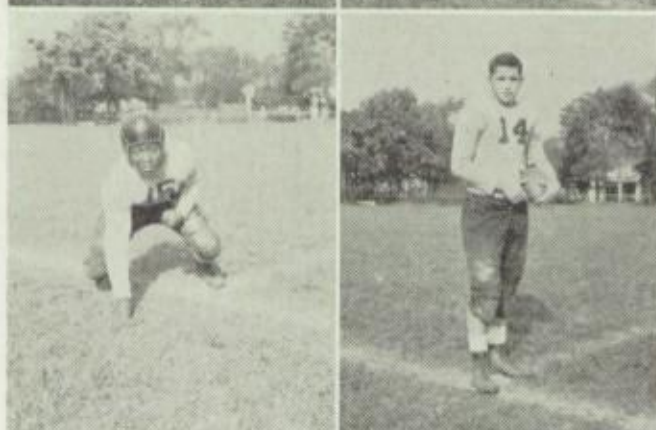

DICK PEOT — Our one claim to All-Star fame was Dick, who played tackle his junior year and shifted to the pivot spot this year. Easily the biggest boy on the team, Dick tipped the scales at 250.

BOB SWAN — Bob was the big boy who filled up the tackle job on the right side of the line. Another wrestler, Bob is strong and speedy as well as smart.

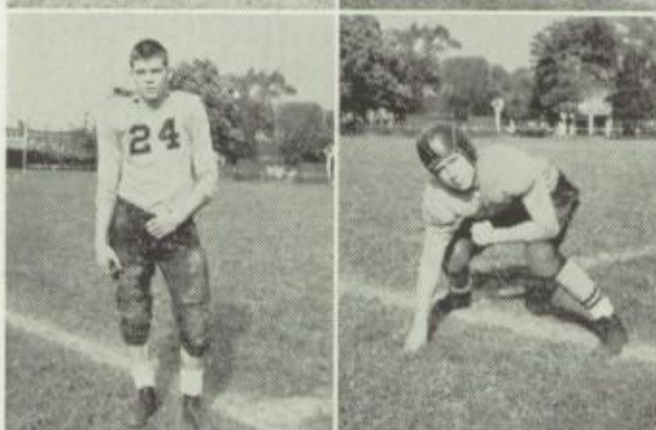

JOHN SABAN — The last of a long line of Sabans, Johnny is considered by many one of the best. John, playing the blocking back stop which his brother made famous, was really tough on both offense and defense.

JESSE GILBERT—"Jess" played guard and end on the team and was as fast as anybody on the squad. Look out if you get him mad at you, for he's dynamite on the football field.

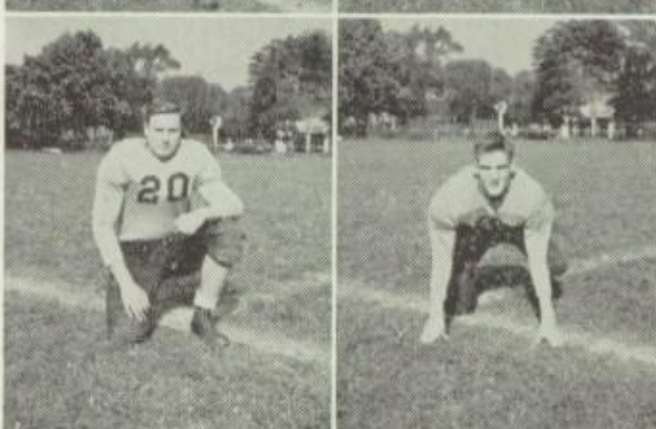

BOB RETTIG — "George" was one of the best ball carriers on the squad. The fellows swear he carries a pot of glue around with him, cause he seldom drops a pass. He is also a junior who should really go places next year.

JACK PRATHER — A four year football player, "Wacky" really made the work of the defense tough. Always a rugged player, his power was the key to many a first down.

DICK FETZNER — Another junior, Dick plugged up the other guard spot with "Kosh". Always in the middle of things he was pretty tough on defense. Dick keeps in condition when not footballing by wrestling.

MIKE MITCHELL — Mike, with his 195 pounds, filled the gap at the left tackle. The opposition found it pretty difficult to get past him.

FRANK KENNEDY — Frank had more "intestinal fortitude" than any other man on the squad. Weighing in at 137, he was the lightest man on the team. In spite of this, opposing teams soon found out it was extremely dangerous to go around Frank's end.

LEE KONTUR — "Le-Le" found time for a little football besides winning the conference championship in the discus throw and placing second in the high jump.

JOHN MONROE — Fleet-footed Johnny was our rabbit in the bag. If we wanted to pile up some yardage, we'd just send John out for a pass.

COACH GLICK AND SUTTON

This year's 64 dollar question: What was wrong with the El Tee Ponies? Around a nucleus of seven returning lettermen, Reeves, O'Brien, Voss, Sward, Jackson, Jordan, and Taylor, Les Glick proceeded to mould a tough, rugged team that had no trouble outgaining almost all its opponents by lopsided figures. Its only deficiency seemed to be in scoring points. They lacked a fast breakaway runner after Jordan was injured, and the backfield was notoriously weak on pass defense.

The prologue against a hulking Proviso Frosh-Soph squad was very promising. The entire squad saw action as the Blue Demons went down in defeat 40-0.

In the conference opening the next week the Cubs piled up lots of yards but were thwarted time and again in their scoring attempts. Not until late in the game did Sutton pile over, off the "T", for the game's only score. York was held to 21 yards from scrimmage.

The R-B game showed up the Ponies' aerial weakness. Neither team scored in the first half, but

the Riblets soon shoved across a marker on a series of flat passes. On the kickoff the Cubs pounded the left side of R-B's line to jelly as they marched the length of the field using only two plays. Thus the score stood 6-6 when a Cub pass was intercepted in the closing seconds to give the game to R-B. On the ground, they gained but 36 yards.

Though Maine gained only 2 more yards than the Cubs, they were mostly on long scoring runs around end or through the air. The final score was not indicative of the caliber ball played by either club.

No lightweight likes to remember the Downers game. Reeling from the blow dealt them the previous matinee, they proceeded to chuck away another contest to an inferior Downers team. A pair of passes brought their first score and another long aerial set up the last. The Cubs suffered from penalties that day, losing many yards and one touchdown that was called back. Final score: Downers 14, El Tee 13.

Glenbard next invaded Emmond field, and though the Cubs bulled their way valiantly up and down the gridiron, the game ended with El Tee on the 2 yard line and the score dead-locked 7-7.

About this time some mathematically minded fan brought forth a few figures. In 5 conference games the Cubs had gained 1,031 yards, their opponents 66. Something was definitely wrong. To prove they were not as bad as their picture was painted, they went out the next Saturday and proceeded to steam roller their traditional rivals, Hinsdale, to the tune of 43-0.

VARSITY BASKETBALL

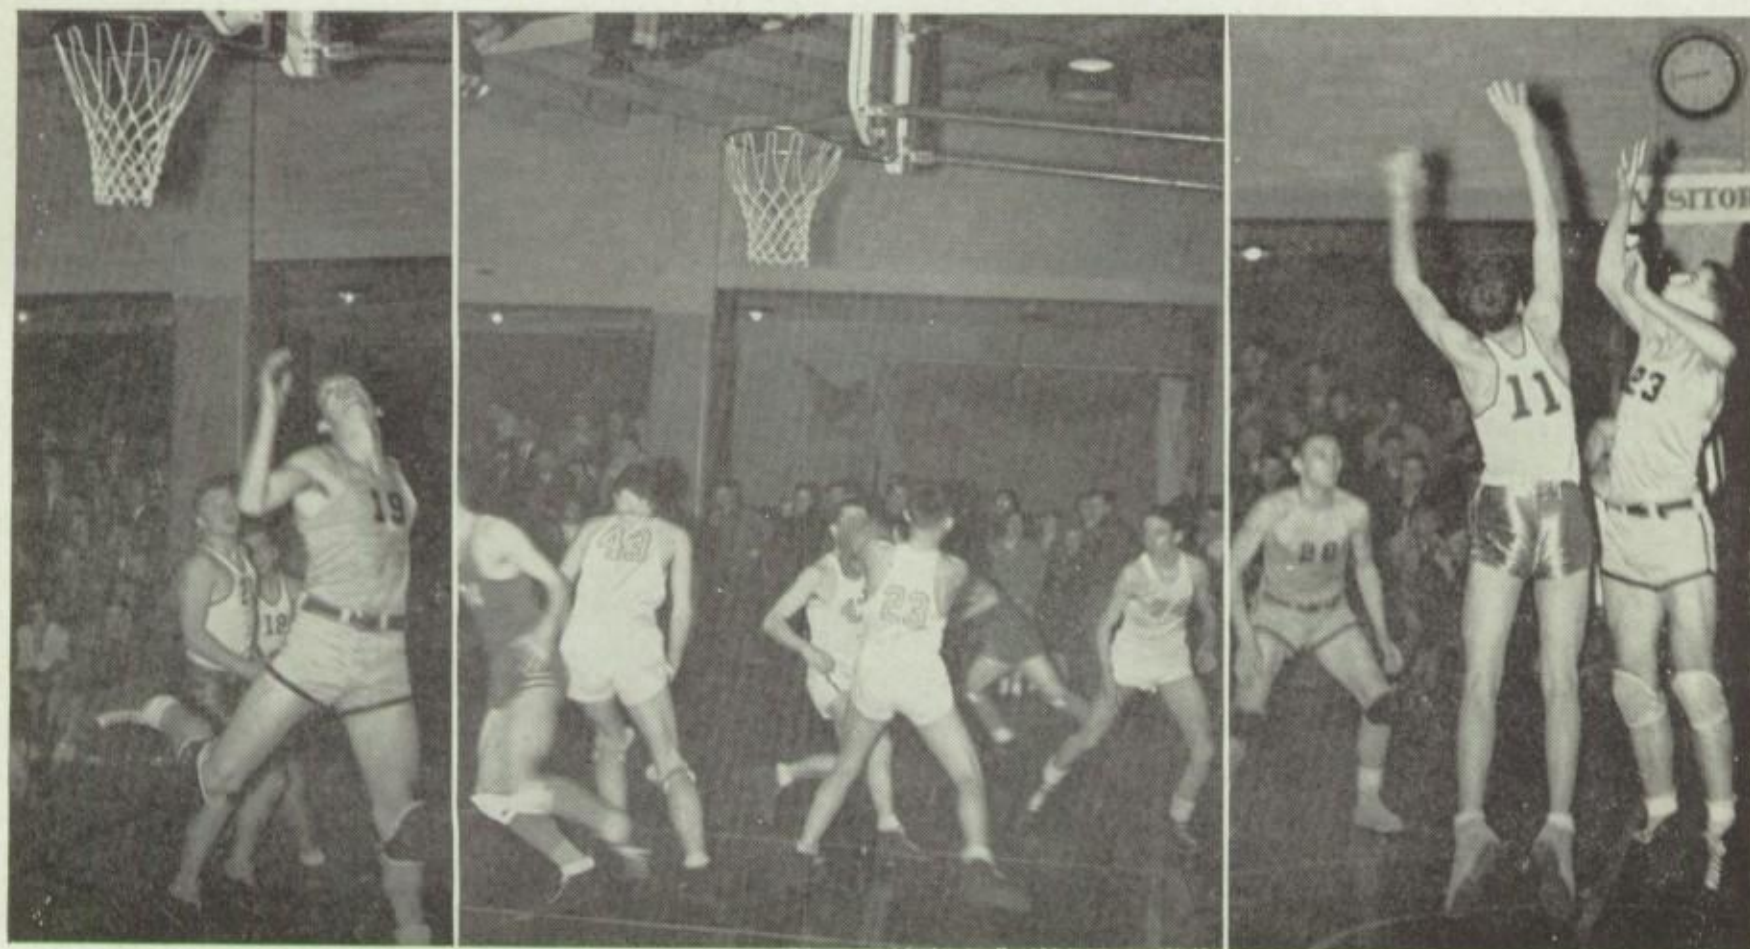

Back Row: J. Rochow, Manager; R. Mason, R. Korkos, J. Schwab, Coach Sloan, H. Storm, J. Hoffman, R. Fritz, A. Burruss, N. Armstrong, Manager.
Front Row: T. Maley, R. Rettig, R. Simon, D. Ward, J. Prather, D. Krug, D. Webber, J. Sammons, F. Kelso.

Though handicapped greatly by a lack of height, the Lions this year had a speedy, well coordinated attack that never failed to pile up a goodly number of points. Due to this reliance on speed, however, most of the games that the boys lost were lost in the fourth period, as the reserve manpower was none too good.

The first conference game of the year was probably the most exciting. The lead kept see-sawing throughout the game and at the final whistle was 47 all. In the overtime period R.B. made a basket, we scored a free-throw, and then with but 10 seconds remaining, Rettig dropped the winning basket through the loop.

The game against York was probably the best played of the year, the Lions possessing a 22 point lead at the end of the third period, at which time Coach Sloan started substituting.

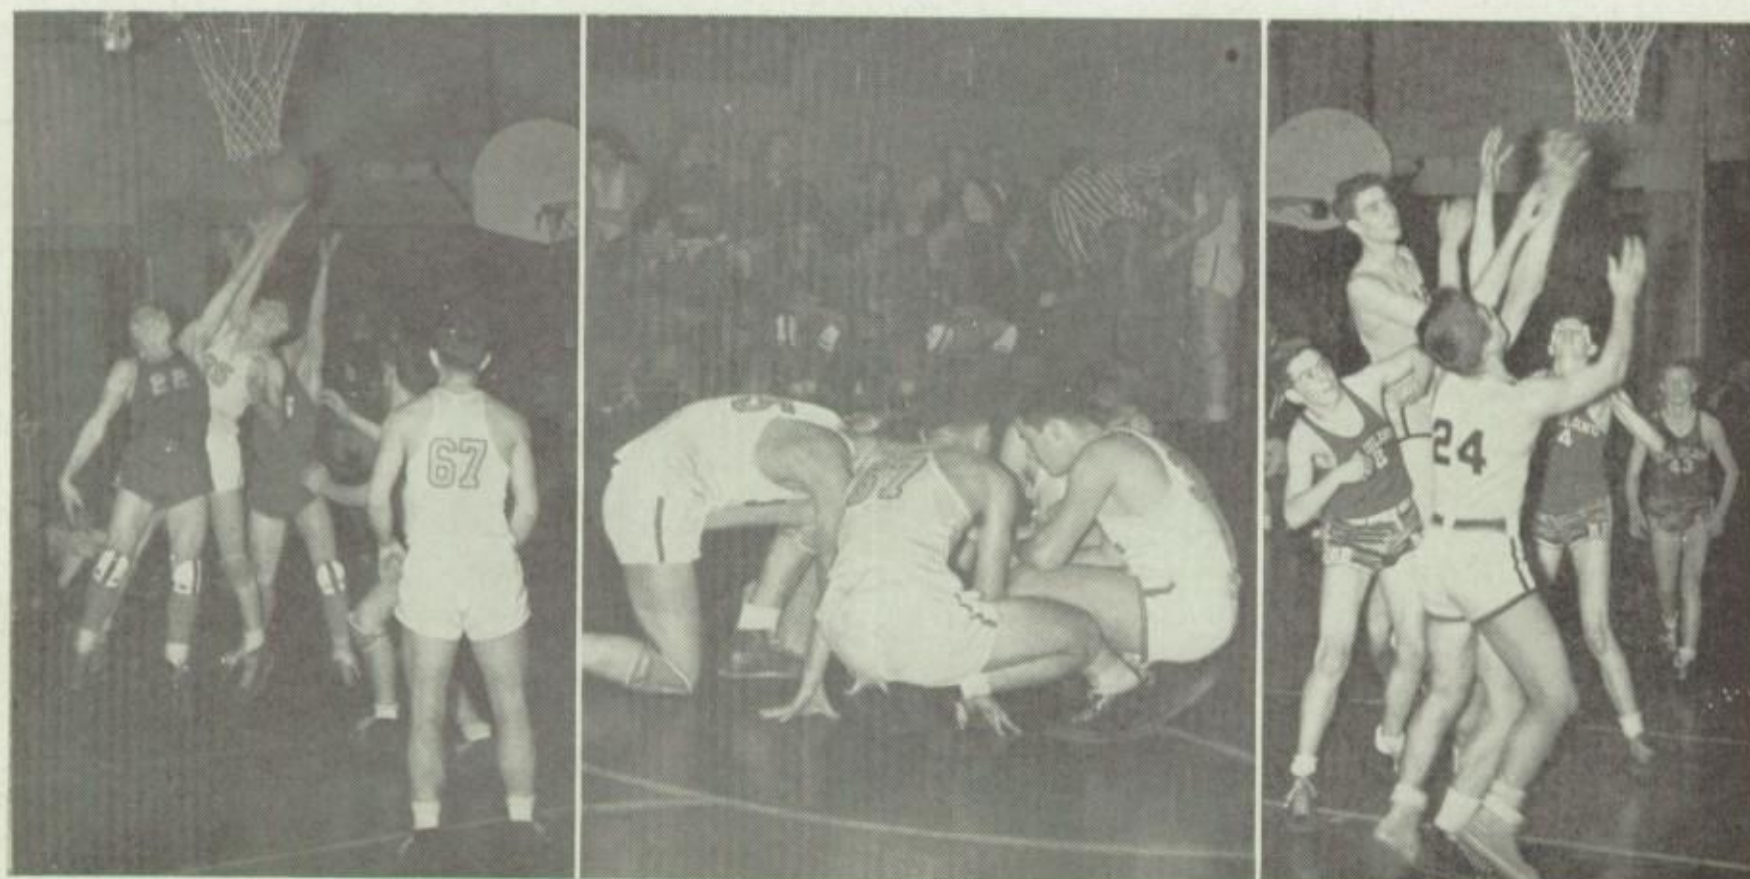

Then there was that Maine game. The crowd cheered madly as the Lions took turns standing around with the ball. Maine refused to challenge our warriors and the score at the half was 4-2. Then with only a few minutes to go in the game, Maine abandoned their tight defensive formation and both teams settled down to some good basketball. Final score: Maine 8, L.T. 6.

The season continued with moderate success, the Lions absorbing defeats from Glenbard, Maine, and York, while overcome in Downers, R.B., and Hinsdale. Thus when the season ended they were in a tie for third place.

In a post-season game against Highland Park, Don "Weed" Ward set a school record for the most points scored in a single game with 21.

L.T. drew Glenbard in the district tournament and in one of their best games of the year they led the Bards until the last two minutes of play when the green and white forged ahead to win 47-44.

Built around a nucleus of returning lettermen, this year's edition of the ponies was tabbed by many to climb a few rungs higher in the conference ladder than did their predecessors a year ago. Sparked by veterans like Jordan, Jackson, Taylor, and O'Brien, and bolstered by several fine sophomore boys, they had a well-rounded ball club. However, it seems that this was the case in other schools as well, namely at Glenbard and Riverside. Our boys really worked hard all season though, and earned for themselves the reputation of being one of the hardest-fighting squads it has been our good fortune to observe. Two hard-to-take overtime defeats by the second place R.B. team and two losses to the champion Glenbard five were the only blemishes on their record. This left them in sole possession of third place and the possessors of as fine a lightweight record as has been turned in for several years.

Clockwise from bottom: J. Hensler, C. Cutlan, B. Jordan, K. Taylor, A. O'Brien, H. Jackson, Coach Glick, S. Norton.

WRESTLING

Bolstered by the return of seven lettermen, our grapplers seemed destined for a whirlwind season. Weakness in the few remaining weights and the inability to get rolling, however, plagued them for the first few meets. Under Coach Bennett's able guidance some underclassmen were developed to fill the gaps, and the team started to roll. Following the Christmas holidays they breezed through seven meets undefeated, with exception of the perennial state champion Proviso squad. In the second round, the early losses to Riverside and Morton were redeemed by strong victories.

Our grunt and groan boys really turned in a good job at the district contest at Morton collecting three second places, three thirds and two fourths, Tom Blickle, Bud Green and Dick Peot winning the honors of a trip to the state tournament, where Blickle got a third place and Peot a fourth. The squad's fine performances earned us second place in the district, reputed to be the toughest in the state.

TRACK

The prospects of L.T.'s conference champs repeating this year do not appear too promising as the season opened. The loss of such men as Manning, Mueller, Gilbert, and Ondrick from last year's squad is decidedly noticeable. However, our new coach, Luke Ashby, is determined to put up a strong fight to retain the track crown. In the distance runs, Dreutzler, Futch, and Graber should hold their own against any competition. Stephen and Westphal in the 440-yard run, and Monroe, Jordan, Heath, and Novotny in the dashes will give their opponents strong competition. Our best department is in the weights where Kontur, Saban, and Peot will perform. The broad jumping will be handled by Brophy and Sward, while Kontur and Sward will high jump. The hurdles will be run by Rose, Eklund, and Novotny, while Sward and Willis will pole vault. Much will depend upon the strength of the other teams, though in any instance, L.T. can be depended upon to make a good showing. Several men, including Dreutzler and Kontur, should go down state and do well.

HEAVYWEIGHT BASKETBALL

Third Row: B. Dlouhy, G. Pierce, E. Burton, B. McElwaney, B. Stevens.

Under coach Deason, new this year, our frosh-soph heavyweights enjoyed a much better season than their larger relatives. The main purpose of the squad is the development of varsity material, and this purpose was fulfilled. In fact, the material was so well developed that the varsity frequently borrowed it, causing occasional holes in the frosh-soph line-up. In the course of the season the team played all the conference schools at least once, and tangled with Morton, Proviso, and Naperville, all traditionally strong schools.

FROSH-SOPH

With the accent shifting from lightweights to frosh-soph before very long, the fine record of our frosh-soph football team forbodes no evil. We are used to conference champion footballers at El Tee, and we hope the frosh-soph will bring home the bacon. This year the heavyweight team was undefeated in a schedule including all conference schools and some tough outsiders. Under Coach Deason's direction, it was formed around a nucleus of returning lettermen: Chuck Beath, Truman Fox, Bob Christie, Bob Hawkins, Jack Gilstrom, and Howie Storm. New this year was the frosh-soph lightweight squad, coached by Mr. Glick. Although they did not run up as fine a record as the heavies, they played well at their games and gained a great deal of valuable experience.

The really light lightweights had a better than average season, winning 5 and losing 5. They were coached by Mr. Glick, which should mean that we will have a good lightweight basketball team next year.

SPORTS

Frosh-Soph track teams have usually been a good indication of how the varsity will stack up in a few years, and if this is the case, it would appear that we can expect a championship team in a few years. In the one meet held so far this year with Proviso and Morton our boys led the field by 34 points, a sizeable margin in any man's league.

Under the guidance of our new tennis coach, Bill McNabb, L.T.'s racqueteers appear to have better than an outside chance to win the conference championship this year. McNabb plans to have three squads; a varsity, a junior varsity, and a frosh-soph.

This year, the championship will be decided by round robin matches, while individual honors will be determined in an elimination tournament. Tentatively, the varsity consists of Chuck Steinke, Jerry Bestler, Howie Jackson, and Ken Pierce in singles; and Ken Nellis, Roy Slezak, Stan Petrulis, Herb Wright, Bill Gairns, and Lowell Hull in doubles.

At this writing it looks as though El Tee is going to have an excellent baseball team. The Lions haven't lost a game yet while winning four, and though it is still early for accurate prediction, we might see the baseball team going down state. The hurlers include Berny Ruthy, Bob Burton, and Frank Kelso, who has already turned in a no hit, no run game against R.B. The infield includes Dick Van Sciver, Ronnie Burruss, Jim Plichta, Kent Taylor, Bob Stevens, and Joe Sammons. The outfielders are Frank Kennedy, Don Krug, Bob Van De Veer, Joe Sammons, Dick Mason, and Dave Carr.

Although still an unknown quantity, there is one thing certain about the golf team. They can't do any worse than they did last year. Actually they will probably do much better, for all of last year's team is returning with a few new boys added. As the book goes to press there is very little information about the golf team, as they have had no matches yet. Returning lettermen include Bruce Stoneberg, "Chewie" Hewitt, Chuck Cossitt, Dave Webber, and Chuck Hemrick. Golf will probably enter into the president's cup race as a deciding factor, so we must all cross our fingers.

G.A.A., which sponsors all the girls' sports at El Tee, has monthly meetings with movies or speakers about sports. A "Buddy" Picnic at the beginning of the year enabled the girls to get acquainted. The "Gym Derby", a Christmas party, and "Fools' Frolic" a play night on April Fool's Day, were other special meetings. At the end of the year a large number of girls were given letters and emblems at the Award Banquet, to which parents were invited. New officers were announced at this time.

During the year members put out a yearbook containing G.A.A. rules, songs, a sports schedule, and a meeting schedule. Although nominal dues are charged, most of the club's money comes from the sale of Booster Pins and Homecoming souvenirs.

Each summer the G.A.A. sends two girls to the Northern District Camp, Conference Point, on Lake Geneva. Whenever possible, incoming officers who have not attended the camp before are sent.

Leadership, a course for girls who wish to be aides in gym class is not part of G.A.A., but it is closely connected with it.
